## Directions of Use

- 01** For first-time use, remove the lid and any seals. Pull a cloth from the centre and feed it through the lid, then close the lid securely. For flow packs, pull back the tab to open, then reseal after use.
- 02** To clean the surface, lay the wipe flat (not folded or bunched) and wipe the surface thoroughly to disinfect, according to the correct contact time.
- 03** For surfaces that may come into contact with food, rinse thoroughly with water and wipe dry before use.
- 04** Dispose of the used wipe in the appropriate waste bin following local regulations, and close the packaging between uses.
- 05** Once empty, dispose of product packaging according to the label.

## Technical Information

### Chemical formulation

Contains: Di-n-decyldimethylammoniumchloride, and Propan-2-ol

### Materials

Different base sheets utilised across formats:

- Buckets & Tubs: 100% PP
