Directions of Use

- 01** For first-time use, remove the lid and any seals. Pull a cloth from the centre and feed it through the lid, then close the lid securely.
- 02** Using the wipe flat (not folded or bunched), wipe down the surface to disinfect according to the correct contact time.
- 03** Dispose of the used wipe in the appropriate waste bin following local regulations, and close the packaging between uses.
- 04** Once empty, dispose of product packaging in accordance with the label and local regulations.

Technical Information

Chemical formulation

Contains: Dodecyl dipropylenetriamine, 1,2-benzisothiazolin-3-one, 2-methyl-2H-isothiazol-3-one

Materials

100% Polypropelene

Shelf life

24 months when stored as recommended
